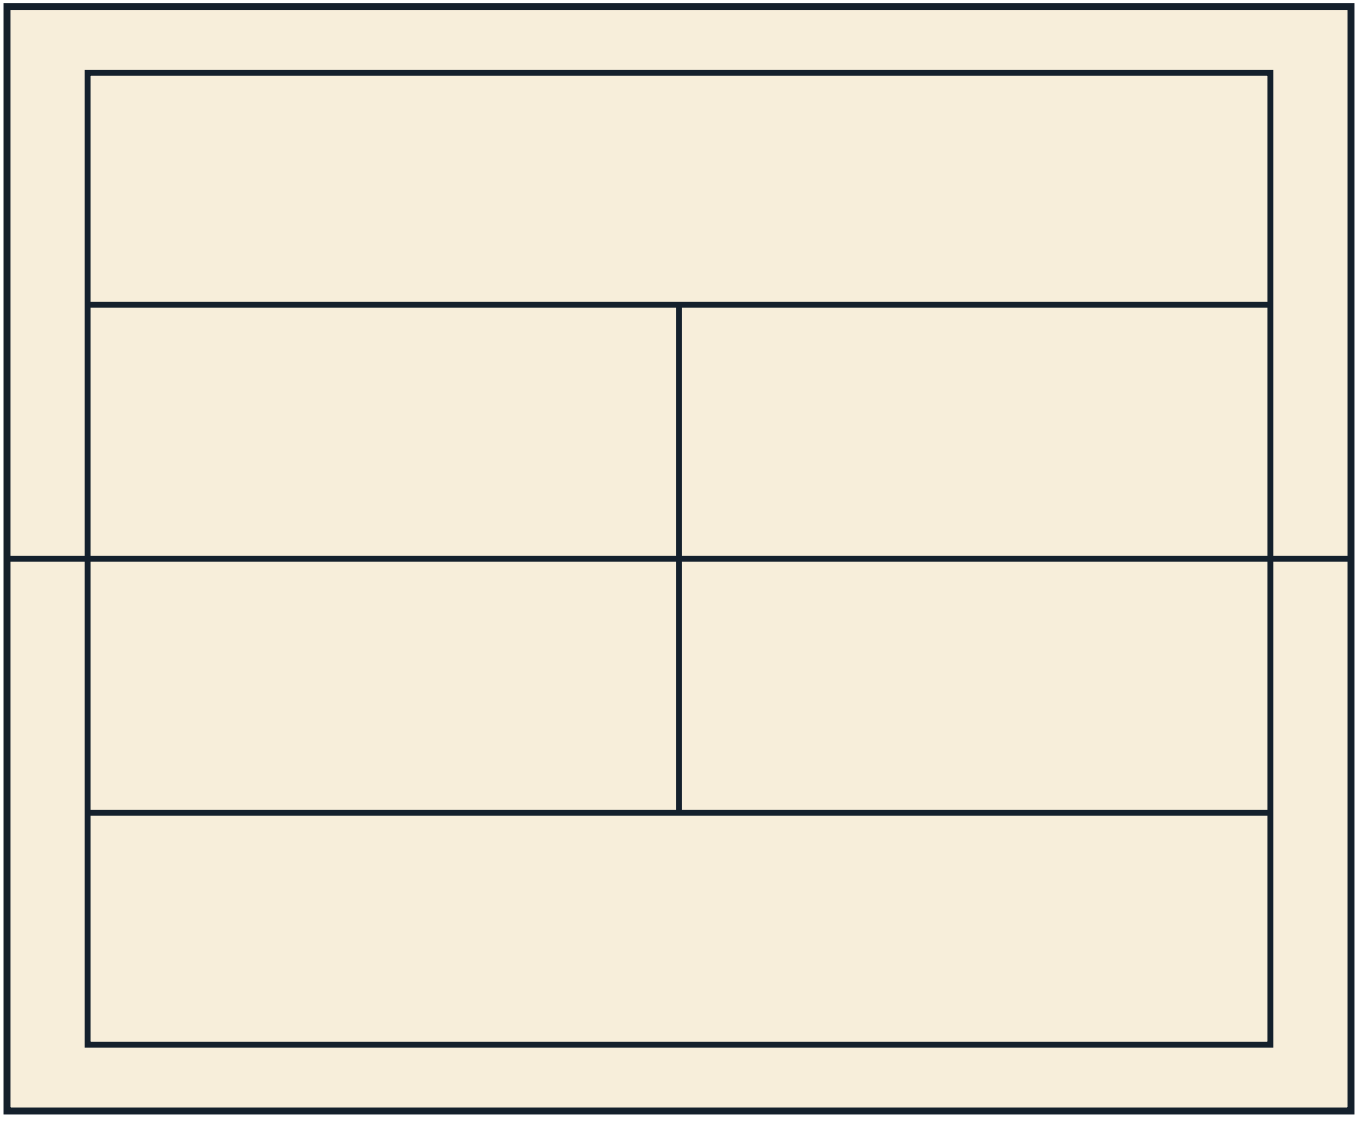
The Playing Area



Good to Know

Teqball is governed by FITEQ (founded 2017) under a code authored with the sport itself (invented in Hungary, launched 2014–16): singles and doubles over a curved table, football skills, no physical contact, no touching the table. Its rulebook has been revised as the sport industrialises, but as an authored modern code it has no historical landmark changes to record. No major documented rule change is carried for teqball.
