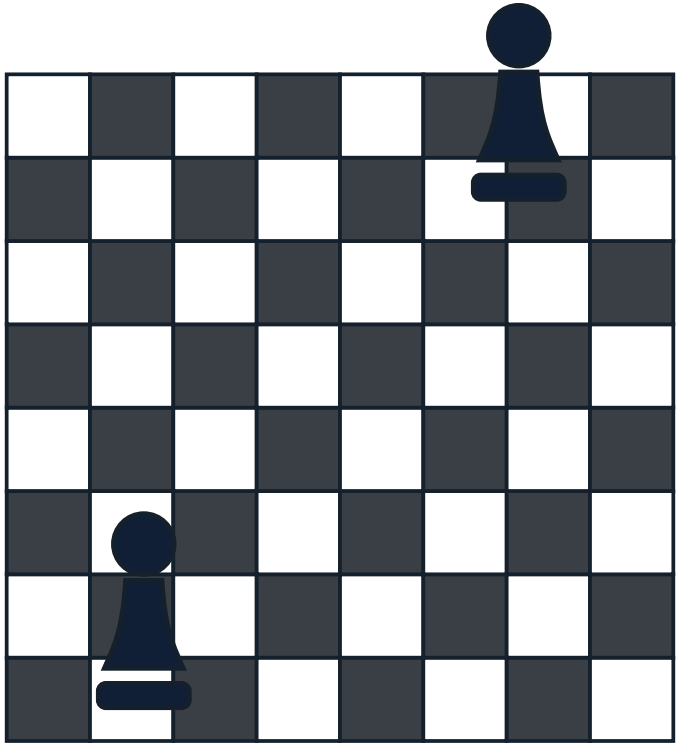
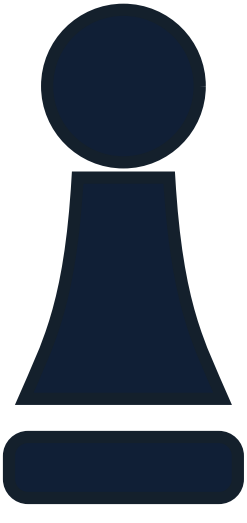
Meet GM Simulators!

Front-office simulation: Basketball GM plays here; two more launch out.

Where It Is Played



The Gear



Meet the Mind & digital Family

- Esports — Competitive video games from League of Legends to Counter-Strike.
- Chess — FIDE-governed mind sport with a world championship.
- Fantasy Sports — Manage virtual rosters; season-long and dynasty formats.
- RoboCup — Robot soccer research league aiming to beat human champions by 2050.
- Robot Combat — Remote-controlled armoured robots fight in an arena.
- Air Hockey — Fast puck game on an air table.

How to Play

Basketball GM (the full franchise simulator) runs embedded on the page: draft, trades, free agency and seasons on repeat. Pennant Chase (baseball) and WhatIfSports launch in new tabs — the shelf is honest about which is which.

Scoring

- The simulator keeps its own standings, awards and history inside your save.

Top Tips

- Basketball GM's first lesson: the salary cap is the game. Never max a non-star in year one; flexibility is a roster spot.
- Draft picks are the simulator's compound interest — trade down in weak classes, hoard in strong ones.
- Tank honestly when the core is old: the middle of the standings is the only losing strategy the sim punishes forever.
