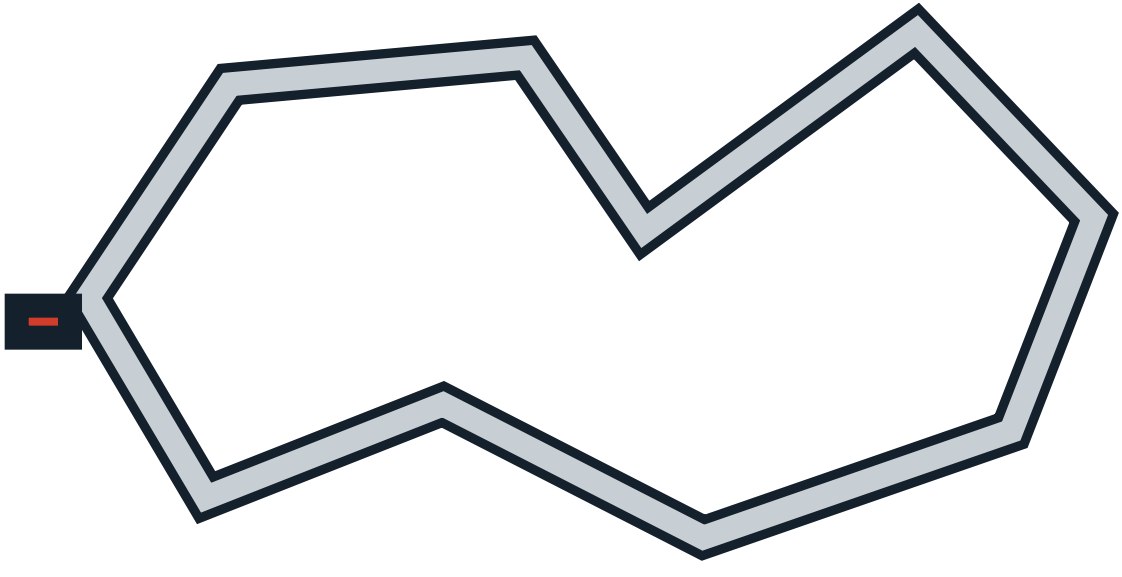
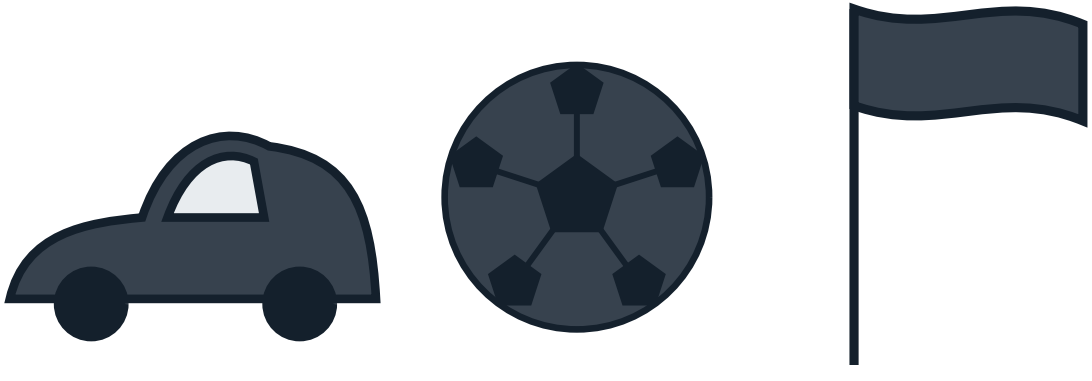
Meet Grand Prix!

Kart racing in twelve sport-themed cars: three laps, four circuits, solo or two-player split-screen.

Where It Is Played



The Gear



Meet the Motorsport Family

- Motorsport — Race cars or motorcycles for time or position across circuits, rallies, or ovals.
- NASCAR and IndyCar — North America's stock car and open-wheel series.
- MotoGP — Top class of grand prix motorcycle racing.
- World Rally Championship — Cars race against the clock on closed roads.
- Powerboat and Jet Ski Racing — Water racing including F1H2O and electric E1.
- Monster Truck Racing — Stadium shows with oversized trucks, led by Monster Jam.

How to Play

Pick one of twelve sport-themed karts and race three laps on one of four circuits (each circuit themed on a different sport's venue). The two-player mode splits the screen for a head-to-head on one keyboard.

Scoring

- Finishing position is the score; the Lab of the game is its lap times, printed per circuit.

Top Tips

- The kart differences are in the handling notes: the grippy karts win the technical circuits, the fast ones win the open ones — match the car to the track, not to the paint.
- In two-player, the inside of the first corner is worth more than any mid-race overtake; qualify your start by defending it.
- Learn one circuit deeply: the four share corner families, and braking points transfer.
