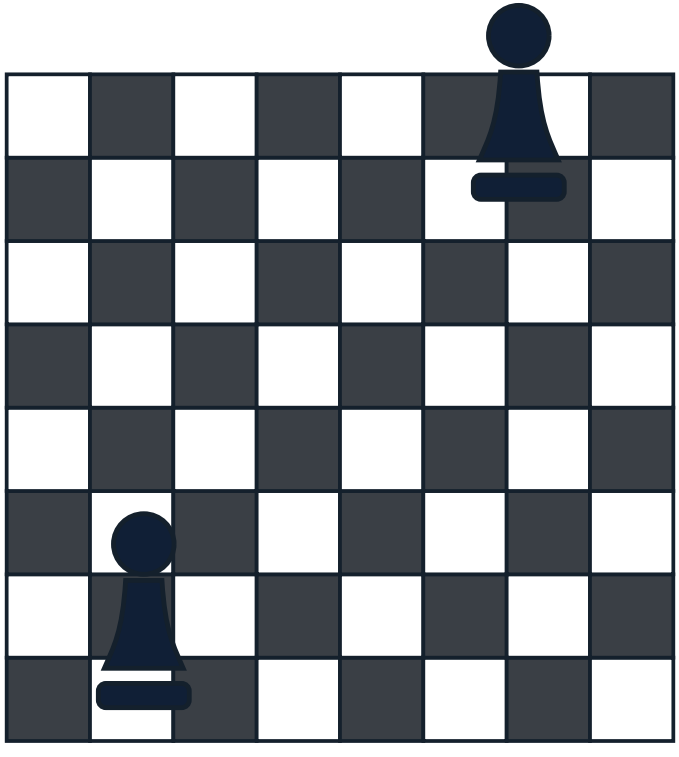
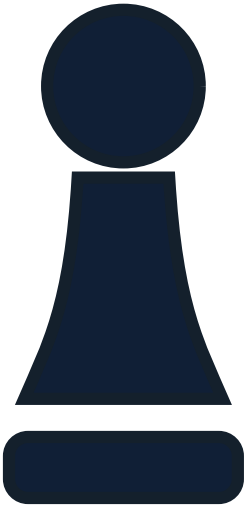
Meet Quiz Tracks!

A quiz track for every sport, built from its own dossiers and record books.

Where It Is Played



The Gear



Meet the Mind & digital Family

- Esports — Competitive video games from League of Legends to Counter-Strike.
- Chess — FIDE-governed mind sport with a world championship.
- Fantasy Sports — Manage virtual rosters; season-long and dynasty formats.
- RoboCup — Robot soccer research league aiming to beat human champions by 2050.
- Robot Combat — Remote-controlled armoured robots fight in an arena.
- Air Hockey — Fast puck game on an air table.

How to Play

Each sport carries a quiz track generated from the same sources as its page: the Rule Changes & Named Rules dossier and the History & Records roll. Questions arrive with explanations and the source section named.

Scoring

- Scored per question, instantly, with the explanation after each answer.

Top Tips

- Study the dossier first: the Rule Changes section is effectively the track's answer key, an hour before you sit it.
- The records questions favour the extremes — the oldest, the most, the first — so read the rolls' edges, not their middles.
- Tracks are per-sport: a weak score names the sport whose page to read next.
