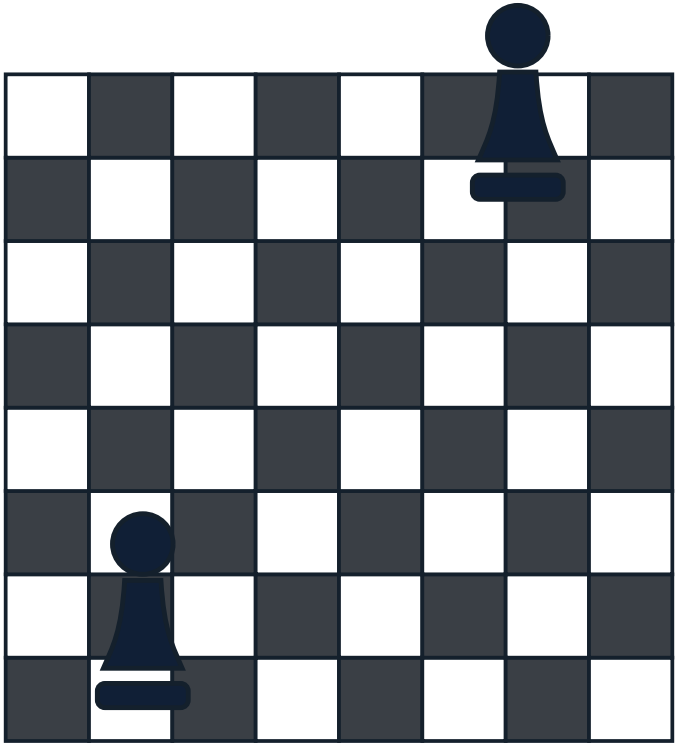
Meet Esports!

Competitive video games from League of Legends to Counter-Strike.

Where It Is Played

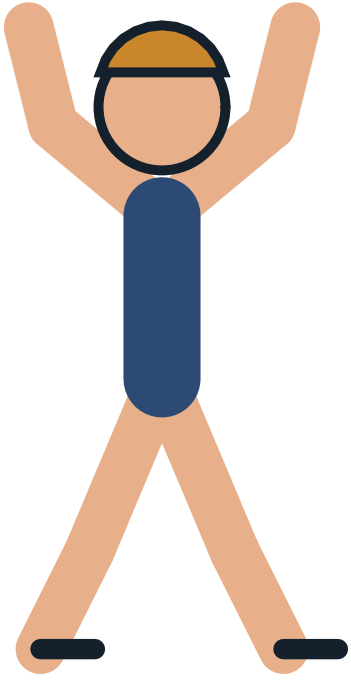


The Gear

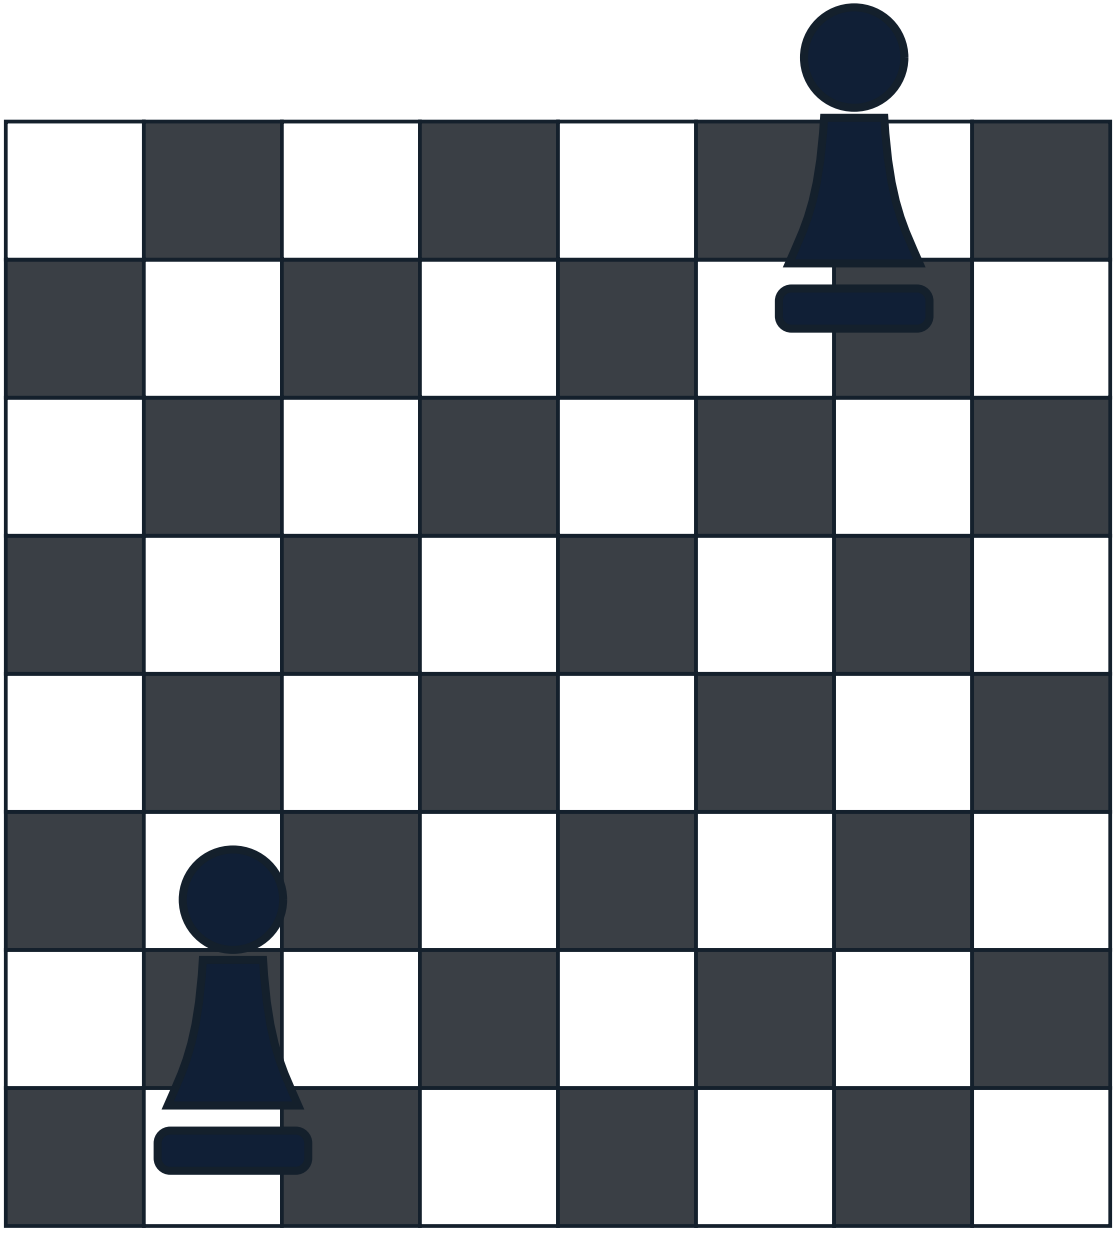
Meet the Mind & digital Family

- Chess — FIDE-governed mind sport with a world championship.
- Fantasy Sports — Manage virtual rosters; season-long and dynasty formats.
- RoboCup — Robot soccer research league aiming to beat human champions by 2050.
- Robot Combat — Remote-controlled armoured robots fight in an arena.
- Air Hockey — Fast puck game on an air table.
- Subbuteo — Tabletop football played by flicking figures.

Action!



The Playing Area



Good to Know

Esports has no single governing body: each title's publisher is its lawmaker, and each game's competitive code lives in patches, season formats and league rulebooks (franchised leagues write their own). The honest framework is publisher sovereignty — competitive rules change with game versions by design, so no cross-title dated canon exists. No generic documented rule change is carried for esports.

More of the Mind & digital Family

- Chess — FIDE-governed mind sport with a world championship.
- Fantasy Sports — Manage virtual rosters; season-long and dynasty formats.
- RoboCup — Robot soccer research league aiming to beat human champions by 2050.

About This Book

Everything in this book comes from Sport on Earth's own verified sport files — the same words you can read on the sport's page at Sport on Earth. The illustrations are original artwork drawn by computer for this book series. They are not pictures of real players, real teams or anybody else's characters.
